Year:

Instructions: Log 100 QSO points only the first time a station is worked on each band. Otherwise leave "QSO points" blank. Enter the distance points as follows: actual distance worked in km. for QSOs on 2.3, 3.4, 5.7 and 10 GHz, distance worked times 3 on 24 GHz and distance worked times 6 on 47 GHz and higher bands.

			Six-digit gridlocator Sent Received Band			Distance	QSO Points
